
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/AIRCON/1.

Airconditioning Equipment

AD/AIRCON/1

**Godfrey Cabin Supercharger
Type 15 - Banjo Fitting - Modification**

13/2008

Requirement: CANCELLED.

This AD is cancelled on 18 December 2008.

Background: This unique Australian AD raised in 1968 required a modification by replacing the banjo type connection between the cabin supercharger oil metering unit filter assembly and oil supply line with a stronger and more positive connection.

Compliance was forthwith.

As all affected aircraft would have been modified by now, this AD is considered to be no longer required.
