

Auxiliary Power Units

---

**AD/APU/11**

**TSCP700 HPT Disc**

**1/97**

Applicability: AlliedSignals TSCP700 Series Auxiliary Power Units, incorporating a High Pressure Turbine (HPT) disc identified with a serial number listed in AlliedSignals Service Bulletin TSCP700-49-A7168.

Requirement: Remove from service affected HPT discs as identified in AlliedSignals Service Bulletin TSCP700-49-A7168.

*Note: FAA AD 96-18-17 also refers.*

Compliance: Effective 2 January 1997; prior to accumulating 7500 cycles since new or no later than 2 January 2000, whichever occurs first.

Background: The manufacturer has advised that some HPT discs have been manufactured from nonconforming material which has required a reduction in service life.
