AD/ENST 28/30 Tail Rotor Spindle 3/93 Amdt 2

Applicability: All F-28F, 280F or 280FX model helicopters and any F-28C, F-28C-2, or 280C models that have been converted to use the 28-150064-11 or -13 spindle.

Requirement: Action in accordance with Enstrom Service Directive Bulletin No 0077 Revision B.

Compliance: As specified in the requirement document but with a revised effective date of 26 March 1992.

Background: This amendment raised in sequence to add the -13 spindle to the AD requirements and to place a service life limit of 1200 hours on the 28-150064-11 and -13 spindles.
