AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/BEECH 36/29.

Beechcraft 36 (Bonanza) Series Aeroplanes

AD/BEECH 36/29 Emergency Exits - Placards and Markings 3/2008

Requirement: CANCELLED.

This AD is cancelled on 13 March 2008.

Background: This unique Australian AD required the standardisation of emergency exit placards and modification of the window latch. The requirements for the emergency placards are now contained in AD/GENERAL/4 Amendment 3 and the Aircraft Flight Manual, and the modification of the window latch would now have been completed on existing aircraft. Therefore the requirements of this directive are no longer necessary.
