AD/CFM56/4 Garrett Air Turbine Starter - Improved Clutch 8/94

Applicability: All CFM56-5A1 engines equipped with Garrett air turbine starter, P/N 3505582-1.

Requirement: Incorporate CFM International Service Bulletin CFM56-5 No 80-003.

Note: DGAC AD 94-099(B) also refers.

Compliance: Unless previously accomplished, at the first starter shop visit after 21 July 1994 but no later than 31 December 1994.

Background: This Directive has been issued to prevent starter failures and consequent heat damage to the electronic engine control (FADEC) harnesses.
