
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/A320/177.

Airbus Industrie A319, A320 and A321 Series Aeroplanes

AD/A320/177 **Left and Right Wing Fuel Tank Bonding** **12/2005**

Requirement: CANCELLED.

Note: DGAC AD F-2005-056 R1 (EASA Approval 2005-0255) refers.

This AD is cancelled on 24 November 2005.

Background: The French Direction Générale de l'Aviation Civile (DGAC) has advised that action required by Airbus Service Bulletin (SB) A320-28-106,7 which was mandated by DGAC AD F-2005-056 (AD/A320/177), was already contained in Airbus SB A320-28-1104, which was mandated by DGAC AD F-2005-028 (AD/A320/169). AD/A320/177 is therefore cancelled.
