AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/ECUREUIL/41.

Eurocopter AS 350 (Ecureuil) Series Helicopters

AD/ECUREUIL/41 Battery Thermal Sensor Connector 8/2009

Requirement: CANCELLED.

This AD is cancelled on 30 July 2009.

Background: This unique Australian AD specified a once-only inspection to verify the presence of a shorting link between pins 2 and 3 of the battery thermal sensor receptacle 26P. Inspection was required before July 1988. The AD was not based on a manufacturer's service document. The AD is no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority

16 June 2009
