AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/OM-P/1.

Omnipol Piston Engines

AD/OM-P/1 Connecting Rods - Replacement 9/2009

Requirement: CANCELLED.

This AD is cancelled on 27 August 2009.

Background: This unique Australian AD was raised in 1960 against Omnipol Service Bulletin (SB) No. N4-111/8 requiring replacement of connecting rods of Walter Minor M4-111 engines.

Compliance was: At next top overhaul or before installation following next complete overhaul whichever occurs first after 20 May 1961.

Given the extended period this AD has been promulgated, and that affected engines would have been modified by now, this AD is considered to be no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority

15 July 2009
