

Boeing 747 Series Aeroplanes

---

**AD/B747/26**                      **Descent Device Handle Strap - Inspection  
and Replacement**                      **2/81**

Applicability:    All models 747 with line numbers 1 to 467.

Document:        1. Boeing Alert SB No. 747-25-A2551; and  
                      2. Frost Engineering SB No. 379103-25-002.

Compliance:    Before 1 March 1981.

Background:     On overseas aeroplanes several descent devices were found with one or both handle straps broken.
