

Boeing 747 Series Aeroplanes

AD/B747/94

Fire Extinguishing System

6/91

Applicability: As detailed in the Requirement Document.

Requirement: Action in accordance with the technical requirements of FAA AD 91-05-04.

Compliance: As specified in the Requirement Document.

Background: This AD requires modification of the fire extinguishing system in order to preclude the possibility of improper connection of the system wiring during maintenance.
