

Boeing 767 Series Aeroplanes

AD/B767/43 **Passenger Oxygen - Oxygen Generators** **10/90**

Applicability: All model 767 series aeroplanes listed in Boeing Alert SB 767-35A0015.

Requirement: Action in Accordance with Boeing Alert SB 767-35A0015.

Note: FAA AD 90-10-09 also refers.

Compliance: Prior to 30 June 1991.

Background: This modification is to prevent the oxygen generators failing to activate due to the release pin bending or breaking.
