

Boeing 767 Series Aeroplanes

AD/B767/54

**Engine and Cargo Compartment
Fire Extinguishing Systems**

6/91

Applicability: As detailed in the requirement document.

Requirement: Action in accordance with the technical requirements of FAA AD 91-05-06.

Compliance: As specified in the requirement document.

Background: This AD requires modification of the engine and cargo compartment fire extinguishing wiring and plumbing to preclude improper connection during maintenance. Compliance with this AD constitutes terminating action for the repetitive inspections and functional checks required by AD/B767/22 Amdt 2.
