

Casa 212 Series Aeroplanes

AD/CASA/9 Engine Controls - Propeller Feathering System 6/87

Applicability: All model CASA-212 with S/No's referenced in the Requirement Document.

Requirement: Action in accordance with CASA S.B. No. 212-76-04.

Note: FAA AD No. 87-05-06 Amendment 39-5561 also refers.

Compliance: Modify prior to 31 December 1987.

Background: The possibility of loss of propeller control system integrity is not sufficiently remote for this class of aeroplane.
