

Agusta A109 Series Helicopters

AD/A109/14

Main Landing Gear Wheels

13/88

Applicability: A109A and A109AII.

Requirement: Action in accordance with Bollettino Tecnico 109-71.

Note: RAI AD 88-142 refers.

Compliance: Before 30 March 1989.

Background: Excessive torque on the retaining nut has caused failure of the aluminium retaining washer and loss of the wheel.
