## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/AL 250/6 Amdt 1.

---

### Allison Turbine Engines - 250 Series

**AD/AL 250/6  
Amdt 1**

**Power Turbine Governor - Modification**

**6/2009**

Requirement: CANCELLED.

This AD is cancelled on 4 June 2009.

Background: This unique Australian AD raised in 1970 against Allison Commercial Engine Bulletin (CEB) 250 CEB-22 or -77 required a modification to provide protection for the power turbine in the event of N2 overspeed following a sudden loss of load.

Compliance was: Before 1 July 1970.

This AD has been sufficiently promulgated for the affected engine to have been modified by now; therefore this AD is considered to be no longer required.

James Coyne  
Delegate of the Civil Aviation Safety Authority

24 April 2009
