
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/AL 250/13.

Allison Turbine Engines - 250 Series

AD/AL 250/13

**Improved Indicating Magnetic
Drain Plugs - Introduction**

7/2009

Requirement: CANCELLED.

This AD is cancelled on 2 July 2009.

Background: This unique Australian AD raised in 1970 against Allison Commercial Engine Bulletin (CEB) 250 CEB-109 required a modification by replacement of indicating type magnetic drain plugs with improved type.

Compliance was: Within 100 hours TIS after 30 October 1970.

This AD has been sufficiently promulgated for the affected engine to have been modified by now; therefore this AD is considered to be no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority

1 May 2009
