## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/AA-1/3.

---

### **Gulfstream (Grumman American/ American Aviation) AA-1 Series Aeroplanes**

**AD/AA-1/3**

**Placards and Fuel Tank  
Cap Chains - Installation**

**6/2009**

Requirement: CANCELLED.

This AD is cancelled on 4 June 2009.

Background: This AD, issued in 1972, required the attachment of a chain between the fuel cap and the tank and the installation of placards to prohibit smoking and identify flight manual stowage. The AD compliance was before issue of a Certificate of Airworthiness. As all aircraft would have been modified, this AD is no longer required.

James Coyne  
Delegate of the Civil Aviation Safety Authority

24 April 2009
