## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/AA-1/5.

---

### **Gulfstream (Grumman American/ American Aviation) AA-1 Series Aeroplanes**

**AD/AA-1/5**

**Carburettor - Inspection**

**6/2009**

Requirement: CANCELLED.

This AD is cancelled on 4 June 2009.

Background: This AD, issued in 1972, required inspection of the carburettor for fuel stains in accordance with American Aviation SB No. 123 to ascertain if cracking of the boss inside the carburettor fuel bowl had occurred. The AD compliance was forthwith. As all aircraft would have been inspected, this AD is no longer required.

James Coyne  
Delegate of the Civil Aviation Safety Authority

24 April 2009
