
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/AA-1/11.

Gulfstream (Grumman American/ American Aviation) AA-1 Series Aeroplanes

AD/AA-1/11

Fuel Pressure Lines - Inspection

6/2009

Requirement: CANCELLED.

This AD is cancelled on 4 June 2009.

Background: This AD, issued in 1973, required inspection of the fuel lines in accordance with American Aviation SB No 133 to detect the presence of fuel seepage. The AD compliance was within 25 hours time in service after 24 April 1973. As all aircraft would have been inspected by now and this is a normal maintenance requirement, the AD is no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority

24 April 2009
