## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/AA-5/3.

---

### **Gulfstream (Grumman American/ American Aviation) AA-5 Series Aeroplanes**

**AD/AA-5/3**

**Fuel Tank Vent Lines - Modification**

**6/2009**

Requirement: CANCELLED.

This AD is cancelled on 4 June 2009.

Background: This AD, issued in 1972, required modification of the fuel tank vent lines in accordance with American Aviation SB No. 128 to ensure no lines have low spots that could lead to the vent line being blocked. The AD compliance was before the issue of a Certificate of Airworthiness. As all aircraft would have been modified, the AD is no longer required.

James Coyne  
Delegate of the Civil Aviation Safety Authority

24 April 2009
