
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/AA-5/11.

Gulfstream (Grumman American/ American Aviation) AA-5 Series Aeroplanes

AD/AA-5/11

**Centre Spar Console - Inspection
and Modification**

6/2009

Requirement: CANCELLED.

This AD is cancelled on 4 June 2009.

Background: This AD, issued in 1976, required inspection and, if required, modification of the centre spar console in accordance with Grumman American SB No. 151 to ensure cable travel was unrestricted. The AD compliance was within 100 hours time in service after 30 January 1976. As all aircraft would have been inspected, the AD is no longer required.
