## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/AA-5/15.

---

### **Gulfstream (Grumman American/ American Aviation) AA-5 Series Aeroplanes**

**AD/AA-5/15**

**Fuel Line - Inspection**

**6/2009**

Requirement: CANCELLED.

This AD is cancelled on 4 June 2009.

Background: This AD, issued in 1976, required inspection of the fuel line for chafing in accordance with Grumman American SB No. 154. The AD compliance was within 100 hours time in service after 31 August 1976. As all aircraft would have been inspected by now, the AD is no longer required.

James Coyne  
Delegate of the Civil Aviation Safety Authority

24 April 2009
