
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/AC-100/10.

S.L. Industries Commander 100 Series and Volair 10 Series Aeroplanes

AD/AC-100/10

Fuel System - Placard

9/2008

Requirement: CANCELLED.

This AD is cancelled on 28 August 2008.

Background: This unique Australian AD, raised in 1971, required a placard installed adjacent to the fuel filter drain point with letters one eighth inch minimum in height stating: "DRAIN AT LEAST ONE (1) PINT OF FUEL FROM EACH TANK".

Compliance was forthwith.

As all affected aircraft would have been modified by now, this AD is considered to be no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority

16 July 2008
