
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/AC-112/8 Amdt 1.

Gulfstream (Rockwell) 112 Series Aeroplanes

**AD/AC-112/8
Amdt 1**

**Aileron Hinge Supports - Inspection
and Modification**

9/2008

Requirement: CANCELLED.

This AD is cancelled on 28 August 2008.

Background: This unique Australian AD, raised in 1978 against Rockwell International Service Bulletin (SB) No. 112-60A, required an inspection and modification of the aileron hinge supports due to possible cracking.

Compliance was to initially inspect before further flight and before each subsequent flight until modified. Aircraft were to be modified within 100 hours TIS after 15 August 1978.

As all affected aircraft would have been inspected and modified by now, this AD is no longer required.

David Villiers
Delegate of the Civil Aviation Safety Authority

17 July 2008
