
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/AC-CLA/1.

Aircraft Parts and Development (CALL AIR) A-9 Series Aeroplanes

AD/AC-CLA/1

Fore and Aft Canopy Tubes

9/2008

Requirement: CANCELLED.

This AD is cancelled on 28 August 2008.

Background: This unique Australian AD, raised in 1964, required a modification to the fore and aft cockpit canopy tubes by fitment of an energy absorbing material to improve pilot protection as recommended by a human factors and crashworthiness report.

Compliance was before 1 September 1971.

As all affected aircraft would have been modified by now, this AD is no longer required.

David Villiers
Delegate of the Civil Aviation Safety Authority

17 July 2008
