
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/AC/28.

Twin Commander (Gulfstream/Rockwell/Aerocommander 500, 600 and 700) Series Aeroplanes

AD/AC/28 Main Landing Gear Truss - Inspection 8/2008

Requirement: CANCELLED.

This AD is cancelled on 31 July 2008.

Background: This unique Australian AD, raised in 1962 against Aero Commander Service Letter (SB) No. 129, required an inspection for the integrity of the huck bolts in the main landing gear truss. Compliance was required forthwith. As all affected aircraft would have been inspected, and, if necessary modified long ago, this AD is no longer required.

David Villiers
Delegate of the Civil Aviation Safety Authority
