
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/AT/10.

Airtractor AT-300, 400 and 500 Series Aeroplanes

AD/AT/10

Aircraft Wiring

5/2009

Requirement: CANCELLED.

This AD is cancelled on 7 May 2009.

Background: This unique Australian AD, issued in 1989, required modification of the aircraft wiring in accordance with Field Air Engineering Order 091 or a scheme approved by CASA. No evidence of defects has been raised prior to the issue of this AD. As the aircraft satisfies the type certification requirements of the NAA of the recognised country, this AD is no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority

27 March 2009
