## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/CERES/3 Amdt 1.

---

### C.A.C. CA-28 (Ceres) Series Aeroplanes

**AD/CERES/3  
Amdt 1**

**Fuel Tank Vent - Modification**

**4/2009**

Requirement: CANCELLED.

This AD is cancelled on 9 April 2009.

Background: This unique Australian AD was first raised in 1963 against Ceres Service Bulletin (SB) No. 37 requiring a modification to the fuel tank vent of all models of CA-28 (Ceres) aeroplanes due to a tendency to block when the aircraft was operated from muddy strips.

Compliance was: Forthwith.

This AD has been sufficiently promulgated for the affected aircraft to have been modified by now; therefore this AD is no longer required.

James Coyne  
Delegate of the Civil Aviation Safety Authority

27 February 2009
