## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/CESSNA 170/25.

---

### Cessna 170, 172, F172, FR172 and 175 Series Aeroplanes

**AD/CESSNA 170/25      Engine Power Limitations - Placard      8/2008**

Requirement:      CANCELLED.

This AD is cancelled on 31 July 2008.

Background:      This unique Australian AD, issued in 1971, required installation of a placard to the instrument panel indicating engine power limitations. This information is also contained in the Cessna Owner's Manual. The compliance of this AD was within 100 hours time in service after 26 February 1971. As all aircraft would have installed the placard, this AD is no longer required.

James Coyne  
Delegate of the Civil Aviation Safety Authority

13 June 2008
