## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/CESSNA 177/8.

---

### Cessna 177 Series Aeroplanes

**AD/CESSNA 177/8**

**Control Systems**

**2/2008**

Requirement: CANCELLED.

This AD is cancelled on 14 February 2008.

Background: This is a unique Australian AD issued in 1970 requiring a once off replacement of a number of NAS 679 lock nuts installed on Cessna aircraft between April and November in 1969. These nuts were suspected to have a manufacturing flaw. As all nuts would have now been replaced, the unsafe condition no longer exists.

Charles Lenarcic  
Delegate of the Civil Aviation Safety Authority

20 December 2007
