

Cessna 177 Series Aeroplanes

AD/CESSNA 177/16

Oil Pressure Gauge Line

3/74

Applicability: Model 177 with S/Nos. 17700001 to 17701160.

Requirement: 1. Inspect the oil pressure gauge line along the entire length from firewall to instrument panel, paying particular attention to the following areas:

- (a) in the vicinity of the flap control switch;
- (b) adjacent to the blast cooling nozzle of those aircraft fitted with radio cooling equipment.

2. Adjust the line as required to prevent chafing.

Compliance: Within 100 hours time in service after 29 March 1974.
