
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/CESSNA 180/28 Amdt 1.

Cessna 180, 182 and Wren 460 Series Aeroplanes

**AD/CESSNA 180/28
Amdt 1**

**Aileron Mass Balance
Weight Attachment Rivets**

7/2008

Requirement: CANCELLED.

This AD is cancelled on 3 July 2008.

Background: This unique Australian AD, issued in 1972, required a repeat inspection every 100 hours of the aileron mass balance weight attachment rivets. As only one defect has been reported since 1980 and the inspection should be carried out during normal maintenance, this AD is no longer required.

David Villiers
Delegate of the Civil Aviation Safety Authority
