
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/CESSNA 180/57.

Cessna 180, 182 and Wren 460 Series Aeroplanes

AD/CESSNA 180/57

Fuel Hose

7/2008

Requirement: CANCELLED.

This AD is cancelled on 3 July 2008.

Background: This unique Australian AD, issued in 1979, required inspection of the fuel line in accordance with Cessna Service Letter SE 79-32 to determine that the proper fuel line has been installed between the electric fuel pump and the fuel strainer assembly. The AD required compliance within 100 hours time in service after 31 August 1979. As all affected aircraft would have been inspected, this AD is no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority

22 May 2008
