
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/CESSNA 185/11.

Cessna 185 Series Aeroplanes

AD/CESSNA 185/11

**Non-Return Valves in Electric
Fuel Pump Bypass Line**

7/2008

Requirement: CANCELLED.

This AD is cancelled on 3 July 2008.

Background: This unique Australian AD, issued in 1966, required inspection and modification of the non return valve in the electric fuel pump bypass line manufactured by Republic Manufacturing Company. The AD required compliance before 1 January 1967. As all affected aircraft would have been inspected and modified, this AD is no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority
