
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/CESSNA 185/38 Amdt 1.

Cessna 185 Series Aeroplanes

**AD/CESSNA 185/38
Amdt 1**

Rudder Pedal Torque Tube

7/2008

Requirement: CANCELLED.

This AD is cancelled on 3 July 2008.

Background: This unique Australian AD, issued in 1984, required a repeat inspection of the rudder pedal torque tubes, Part Number 0760012, for cracking at every maintenance release after 30 April 1984. The Significant Defect Reporting data base revealed no defects have been reported on these aircraft since 1980. As a result, this AD is no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority
