
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/CESSNA 188/2.

Cessna 188 (Agwagon) Series Aeroplanes

AD/CESSNA 188/2

**Control Column Bearing
Blocks and Bobweight**

8/2008

Requirement: CANCELLED.

This AD is cancelled on 31 July 2008.

Background: This unique Australian AD, issued in 1967, required modification to the aileron control system in accordance with Cessna Service Kit SK188-5 to improve lateral stability. The AD required compliance forthwith. As all affected aircraft would have been modified, this AD is no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority

16 June 2008
