
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/CESSNA 188/10 Amdt 1.

Cessna 188 (Agwagon) Series Aeroplanes

**AD/CESSNA 188/10
Amdt 1**

Carburettor Air Box Shaft

8/2008

Requirement: CANCELLED.

This AD is cancelled on 31 July 2008.

Background: This unique Australian AD, issued in 1969, required modification to the induction system air box shaft in accordance with Cessna Service Letter SE 68-28 to assure reliability of the engine control operation. The AD required compliance within 100 hours time in service after 17 March 1969. As all affected aircraft would have been modified, this AD is no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority

16 June 2008
