
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/CESSNA 188/19.

Cessna 188 (Agwagon) Series Aeroplanes

AD/CESSNA 188/19

Fuel Line

8/2008

Requirement: CANCELLED.

This AD is cancelled on 31 July 2008.

Background: This unique Australian AD, issued in 1973, required a modification to the fuel line in accordance with Cessna Service Letter SE73-11 item 2 by installing a small piece of hose to provide additional protection against chafing. The AD compliance was within 100 hours time in service after 31 July 1973. As all affected aircraft would have been modified by now, this AD is no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority

19 June 2008
