
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/CESSNA 188/37 Amdt 2.

Cessna 188 (Agwagon) Series Aeroplanes

**AD/CESSNA 188/37
Amdt 2**

Aileron Cable Pulley

8/2008

Requirement: CANCELLED.

This AD is cancelled on 31 July 2008.

Background: This unique Australian AD, issued in 1983, required a one off inspection, in accordance with Cessna Service Information Letters Nos. SE81-2 AG81-1, SE82-19 AG82-1, and SE82-42 to ensure the correct aileron pulleys were installed. The AD compliance was within 100 hours time in service after 28 February 1983. As all affected aircraft would have been inspected, this AD is no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority

19 June 2008
