

Cessna 188 (Agwagon) Series Aeroplanes

---

**AD/CESSNA 188/38**

**“Restricted” Placard**

**11/2001**

Requirement: CANCELLED

Background: This Directive required removal of “Restricted” Placards, as they then had no meaning in relation to Australian registered aircraft. However, Australia had introduced a restricted category, and new certificates of airworthiness for agricultural aircraft are issued in the restricted category. There is therefore now no need to remove “Restricted” placards installed in these aircraft, and the Directive is cancelled.
