## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/CESSNA 207/17.

---

### Cessna 207 Series Aeroplanes

**AD/CESSNA 207/17**

**Fuel Vent Tube**

**2/2008**

Requirement: CANCELLED.

This AD is cancelled on 14 February 2008.

Background: This is a unique Australian AD issued in 1978 to inspect the installation of the fuel vent tube. On certain serial number aircraft, the manufacturer indicated that the fuel vent tube may have been installed incorrectly. As all affected aircraft would have been inspected, the unsafe condition no longer exists.

Charles Lenarcic  
Delegate of the Civil Aviation Safety Authority

20 December 2007
