

Cessna 208 Series Aeroplanes

AD/CESSNA 208/2

**Fuel Reservoir Tank and
Wing Fuel Bay Primer**

1/88 DM

Applicability: Models 208 and 208A, S/Nos 20800001 through 20800108.

Model 208B, S/Nos 208B0001 through 208B0008.

Requirement: Action in accordance with Cessna S.B. No. CAB 87-14.

Compliance: In accordance with the Requirement document after 20 November 1987.

Background: The manufacturer has requested that a fuel sample be taken and inspected to determine if primer particles are in the fuel system. Additional inspections and possible repairs will be required for the fuel reservoir tank and/or wing fuel bays if primer particles are found.
