Airworthiness Directive

Rolls Royce Germany Turbine Engines - BR700 Series

AD/BR700/10 High Pressure Turbine Time Limits 1/2012 Amdt 1

Requirement: CANCELLED.

This AD is cancelled on 6 January 2012.

Background: A State of Design airworthiness directive issued on or after 1 October 2009 is defined as an airworthiness directive per CASR Part 39.001A. The requirements of this airworthiness directive have been superseded by EASA AD 2007-0152-CN issued on 22 December 2011.
