
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/INST/16.

Instruments and Automatic Pilots

AD/INST/16 King KG 102 Directional Gyro - Modification 3/2009

Requirement: CANCELLED.

This AD is cancelled on 12 March 2009.

Background: This unique Australian AD raised in 1975 against King Service Bulletin (SB) KG 102-6 required a modification to King KG 102 Directional Gyro's to modification status Mod.6.

Compliance was before 30 September 1975.

As King had an exchange system in place at the time this AD was raised, and affected King KG 102 Directional Gyro's would have been modified by now, this AD is considered to be no longer required.

James Coyne
Delegate of the Civil Aviation Safety Authority

27 January 2009
