## AIRWORTHINESS DIRECTIVE

---

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/RAD/57.

---

### Radio Communication and Navigation Equipment

**AD/RAD/57**

**AlliedSignal, Air Transport Avionics  
TCAS II Processors**

**10/2006**

Requirement: CANCELLED.

This AD is cancelled on 28 September 2006.

Background: The original issue of this Directive required the software of certain AlliedSignal TPA-81A TCAS II processors be upgraded to Version 6.04A 'enhanced'. This requirement is redundant as all Airborne Collision Avoidance Systems in Australia must now incorporate Version 7 software (see Civil Aviation Regulation (1988) 262AB).

James Coyne  
Delegate of the Civil Aviation Safety Authority

14 August 2006
