
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/RES/2.

Restraint Equipment

AD/RES/2 **Inertia Reels - AN-R-29 - Inspection** **12/2007**

Requirement: CANCELLED.

This AD is cancelled on 22 November 2007.

Background: This AD was issued in 1965 and required the inertia reel to be inspected every 12 months. This was issued as a result of corrosion and wear occurring due to the ingress of foreign material such as superphosphate. This AD was later superseded by AD/RES/5.
