
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/RES/3.

Restraint Equipment

AD/RES/3 Safety Belts - Davis FDC-2700 - Inspection 4/2009

Requirement: CANCELLED.

This AD is cancelled on 9 April 2009.

Background: This unique Australian AD was raised in 1965 to require an inspection of the end fitting, P/No. FDA-1677-1, of Davis FDC-2700 safety belts. Compliance was required at intervals not exceeding 300 hours TIS.

As there have been no reports related to this AD in the mandatory reporting system, and these safety belts are likely to have been replaced many years ago, this AD is no longer required.

David Villiers
Delegate of the Civil Aviation Safety Authority

26 February 2009
