
AIRWORTHINESS DIRECTIVE

On the effective date specified below, and for the reasons set out in the background section, the CASA delegate whose signature appears below revokes Airworthiness Directive AD/RES/24.

Restraint Equipment

AD/RES/24 Aeronautique Seat Belts and Harnesses 4/2009

Requirement: CANCELLED.

This AD is cancelled on 9 April 2009.

Background: This unique Australian AD was raised in 1989 to require removal from service of any seat belt or harness manufactured or repaired by Aeronautic Equipment, Toowoomba, Queensland. Investigations had revealed that the manufacturer had used incorrect webbing for repair and manufacture. Compliance was required prior to 1 January 1990.

As all affected aircraft would have been modified long ago, this AD is no longer required.

David Villiers
Delegate of the Civil Aviation Safety Authority

26 February 2009
