

Boeing 727 Series Aeroplanes

---

**AD/B727/123                      Landing Gear Selector Valve Actuator Arm                      11/90**

Applicability:    Model 727 series.

Requirement:    Unless already accomplished, modify the selector valve actuator arm in accordance with Boeing Service Bulletin 727-32-0372, or Revision 2 of Service Bulletin 727-32-0372.

*Note: FAA AD 90-02-08 Amdt 39-6470 refers.*

Compliance:    Prior to 31 March 1992.

Background:    This AD is issued in response to a report of an all wheels-up landing, due to a nut missing from the landing gear control selector valve actuator arm installation.
