

Gulfstream (Grumman) G1159 and G-IV Series Aeroplanes

---

**AD/G1159/31  
Amdt 1**

**Elevator Trim Tab Outboard  
Hinge Fittings - Inspection**

**7/82**

Applicability: All model GII and GIIB aircraft.

Document: Grumman Customer Bulletin No. 325 Amendment 1. (FAA AD 82-11-02 Amdt. 39-4384 refers).

Compliance: 1. Unless already accomplished, before further flight after 31 July 1982 - as detailed in the requirement document.  
2. Repeat inspection as detailed in the requirement document until repair or replacement as detailed in the Aircraft Service Change No. 315.

Background: Manufacturer reports trim tab hinge fitting cracks have occurred. Amendment 1 raised to cover increases in applicability and revisions to repeat inspection, repair or replacement requirements.
